Promoting all aspects of the growth and development of each student in a caring environment

9th January 2023

Dear Parent/Guardian,

The Department of Education wishes to bring to your attention changes that are required to the school's Admissions Statement following the commencement of the Education (Provision in Respect of Children with Special Educational Needs) Act 2022.

We must now include the below text in the school's admissions statement. The admissions statement is part of the school's admissions policy.

"Millstreet Community School will cooperate with the National Council for Special Education in the performance by the Council of its functions under the Education for Persons with Special Educational Needs Act 2004 relating to the provision of education to children with special educational needs, including in particular by the provision and operation of a special class or classes when requested to do so by the Council.

Millstreet Community School will comply with any direction served on the patron or the board, as the case may be, under section 37A and any direction served on the board under section 67(4B) of the Education Act."

Section 62 (2) (b) of the Education (Admission to Schools) Act 2018 requires schools to consult with the patron, parents of students attending the school and staff of the school where amendments are made to the school's admission policy.

Should you have any questions in relation to the above, please contact me through the school office.
